COPYRIGHT 1900 BY T. B. KINRAIDE, NO. 52.
No. 47. PRIMARY ENTITIES OF ELECTRICITY. (Enlarged)
Plate No. 14.
Discharge of Electricity through a two-inch sphere placed upon a photograph plate had film side down upon a positively charged uncoated condenser surface. The phenomena of the two plasms or Electricity in series between condenser surfaces.
Condenser Series.

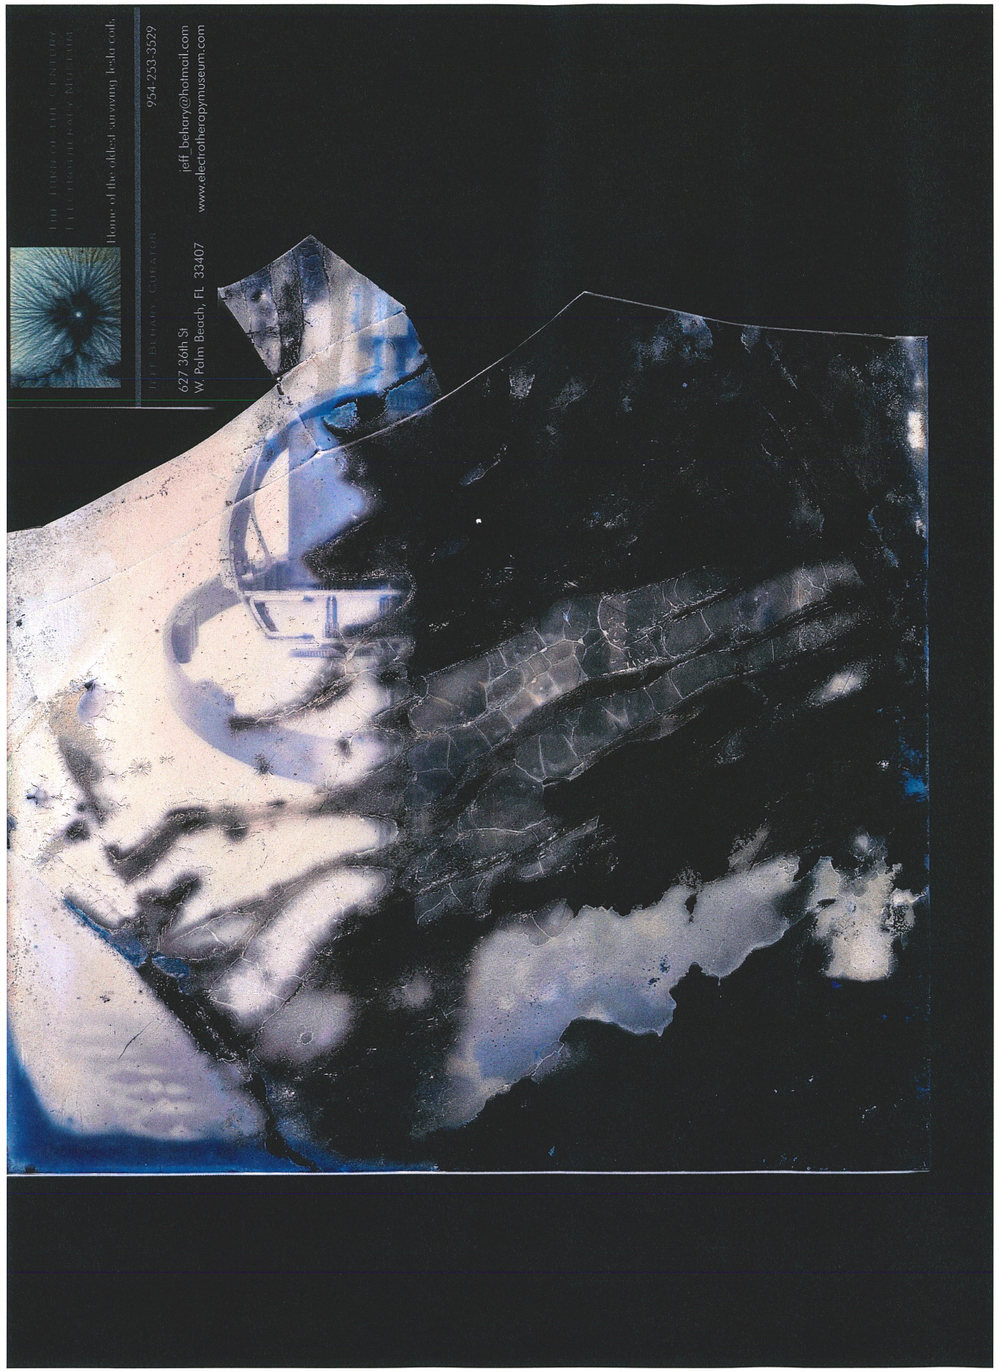
If positive & negative cancel
How can they unite combined into
an entity? I've replicated this.

Kinraide X-ray coil stolen in Salem, MA & restored by me.

I took one year.

Keely Motor negative 29 April 2005

inversed. Note the curtains—
Pic was taken in Ravenscroft.



The next proof. - An air-break and clockwork motor.
